- Figma
- Procreate

EXPERIENCE

Rio Bravo Ministries, Remote — *Front End Developer*

July 2022 - PRESENT

- Manages the UX and UI for Rio Bravo Ministries.
- Implemented new ways for users, and potential donors to engage, by use of an events page.
- Thorough testing processes ensure that the website is easy to operate, free of bugs.
- Website displays the purpose and vision the non-profit is striving to achieve.

Schneider's Bakery, Westerville, OH — *Web Developer*

August 2022 - September 2022

- Updated and edited the existing Schneider's Bakery website, to achieve a consistent look and visual theme.
- Created a responsive layout that looks appealing on every device.
- Edited outdated content to ensure the user is receiving accurate information about hours, prices and more.
- Successfully identified, diagnosed, and fixed website problems, including broken links, typographical errors, and formatting issues.

MKP, Remote — *Web Developer*

June 2022 - July 2022

- Created and implemented the clients website, utilizing JavaScript, HTML5, and CSS.
- Tested the UX and UI, ensuring the website was easy and pleasant for users to operate.
- Taking the client's wishes for the site, and combining it with best UI practices, this vision was brought to life.

EDUCATION

The Ohio State University, Columbus, OH — *Computer Science Engineering*

August 2020 - May 2022

Completed 89 credits towards a B.S. in Computer Science and Engineering.

Awards:

- 2nd overall in the Freshman Engineering Showcase
